The ultimate way to see Milford Sound

## MILFORD SOUND

# Flightseeing

Flying from Queenstown to Milford Sound is the ultimate way to see the stunning landscape of southern New Zealand.

Only visible from the sky you will pass over glacial lakes, hidden valleys, waterfalls and cloud piercing summits. The sheer vastness of the snow capped Southern Alps will take your breath away.

Our aircraft are specifically designed for mountain flying and our pilots are specially trained to fly in this mountainous area. A UNESCO World Heritage area in the heart of the Fiordland National Park, Milford Sound is a place of pristine and unparalleled beauty. Seeing it from the air gives a sense of scale to this dramatic landscape.

Flying into Milford Sound is nothing short of magnificent. Nowhere else in Fiordland do the mountains stand so tall straight out of the sea. This is an experience that will stay with you long after you have left the airstrip.

You can choose to fly both ways or experience the best of both worlds and fly back to Queenstown after travelling the overland route to Milford in our luxury glass roof coaches.

Experience Milford Sound from two different perspectives – air and sea, in our quality aircraft and on our comfortable boats.

### Nature Cruises 4hrs 40mins Flight & Nature Cruise
